

## **Code of Ethics for Myomassologists**

### **Introduction**

**This Code of Ethics outlines the fundamental principles and professional conduct expected of myomassologists. It serves as a guideline to ensure the highest standards of practice, ethical behavior, and integrity in all interactions with clients, colleagues, and the public.**

### **Core Values**

#### **1. Integrity.**

**Myomassologists must maintain honesty and integrity in their professional relationships and practice. They must provide truthful and accurate information about their qualifications, services, and fees.**

#### **2. Respect**

**Respect for clients, colleagues, and other healthcare professionals is paramount. Myomassologists must respect the rights, dignity, and individuality of every person, treating them with courtesy and consideration.**

### **3. Confidentiality**

**Myomassologists are committed to maintaining the confidentiality of client information. They must ensure that all client records are securely stored and only disclosed with the client's explicit consent or as required by law.**

### **4. Professionalism**

**Myomassologists must uphold the highest standards of professionalism. This includes maintaining appropriate boundaries, using professional language, and adhering to the dress code and hygiene standards expected in the field.**

### **5. Competence**

**Continual professional development and education are crucial. Myomassologists must strive to enhance their skills and knowledge through ongoing training and staying updated with the latest advancements in myomassology.**

### **6. Client-Centered Care**

**The well-being and health of clients are the primary focus. Myomassologists must tailor their treatments to the individual needs of each client, ensuring that their practice is safe, effective, and aligned with the best interests of the client.**

### **7. Ethical Practice**

**Myomassologists must avoid any practice or conduct that could harm the client or the reputation of the profession. This includes refraining from engaging in any form of discrimination, exploitation, or unethical behavior.**

## **8. Collaboration**

**Myomassologists should foster a spirit of collaboration with other healthcare professionals. They must work together to provide comprehensive care for their clients, making referrals when necessary and promoting a holistic approach to health and wellness.**

### **Compliance with the Code of Ethics**

**All myomassologists are expected to adhere to this Code of Ethics. Non-compliance may result in disciplinary action, including suspension or revocation of professional licenses, certifications and designations.**
